

Celebrating Each Day of Life Simply and Abundantly

Nancy J. Twigg

Author of *Celebrate Simply: Your Guide to Simpler, More Meaningful Holidays and Special Occasions*;
Editor of *Counting the Cost E-zine*

Nancy Twigg doesn't just talk about simple, meaningful, debt-free living -- she and her family live it every day. The Twigg's own only one car. They do not have cable TV or caller ID. Most of their clothes come from yard sales and their only debt is their mortgage. Yet they are happy with their lives and content not to keep up with the Joneses.

Nancy and her husband, Michael, have found peace of mind and peace of pocketbook by practicing biblical principles of good financial management and purposeful living. Nancy shares with others how they too can live simply, frugally and abundantly. Many books and newsletters exist on the topics of frugality and simple living. What makes Nancy's message different is that she doesn't just talk about how to live simply but also why -- so that we can be free and unfettered to fully pursue God's best for our lives.
